

## Curriculum Vitae

**Christian Skoven**, B.Sc., M.Sc.

Research Assistant and Prospective PhD Student  
Preclinical, Functional and Diffusion MRI

Office (+45) 386 26447

Mobile (+45) 60 77 47 50

Email: cskoven [at] drcmr.dk

### Experience:

2015 January - Present

Research Assistant, Danish Research Centre for Magnetic Resonance (DRCMR), Copenhagen University Hospital Hvidovre. *Functional MRI (fMRI) in rodents.*

2013 April - 2014 October

Master Student, H. Lundbeck A/S, Valby. *Sleep (EEG) and histological (IHC) studies of prenatally stressed (PNS) rats.*

2013 May - 2014 May

Student Assistant, H. Lundbeck A/S, Valby. Taking care of induced Pluripotent Stem Cells (iPS).

### Education

2012 September - 2014 October

University of Copenhagen (UCPH)

Master of Pharmaceutical Sciences  
(M.Sc.Pharm. / cand.scient.pharm.)

2009 September - 2012 June

University of Copenhagen (UCPH)

Bachelor of Pharmacy  
(B.Sc.)

### Conference contributions:

**Skoven C**, Sickmann HM, Bastlund JF, Dyrby TB, Plath N, Kohlmeier KA and Kristensen MP. Sleep Changes in a Rat Prenatal Stress Model of Depression.

Poster. Federation of European Neuroscience Societies (FENS). The Brain Conferences. The Brain in Focus: New Approaches to Imaging Neurons and Neural Circuits. Rungsted, Denmark. 2016 April.

Sickmann HM, **Skoven C**, Arentzen TS, Bastlund JF, Zhang H, Kohlmeier KA, Dyrby TB, Plath N, Kristensen MP. Prenatal Stress and Acute Stress Later in Life Impacts The Responses in Tests for Depressive-Like Behavior in a Sex-Specific Manner.

Poster. Conference: International Behavioral Neuroscience Society. Victoria, BC. Canada. 2015 June.

Sickmann HM, Arentzen TS, **Skoven C**, Kristensen MP, Kohlmeier KA, Dyrby TB, Bastlund JF, Plath N. Prenatal stress alters responses in tests for depressive-like behavior in a sex-specific manner.

Poster. Conference: The Social Brain. Copenhagen, Denmark. 2014 October.

Arentzen TS, **Skoven C**, Plath N, Kristensen MP, Dyrby TB, Sickmann HM. Consequences of prenatal stress on offspring behavior – possible link to affective disorders.

Poster. Research Day: H. Lundbeck A/S. Valby, Denmark. 2013 September.

**Publications:**

[In Prep] Sickmann HM, **Skoven C**, Dyrby TB, Bastlund JF, Plath N, Kristensen MP. 2016. Sleep Changes in a Prenatal Stress Rat Model of Depression. Journal of Developmental Origins of Health and Disease.
